

D03001001 Air Damper

Product 3D drawing and three views

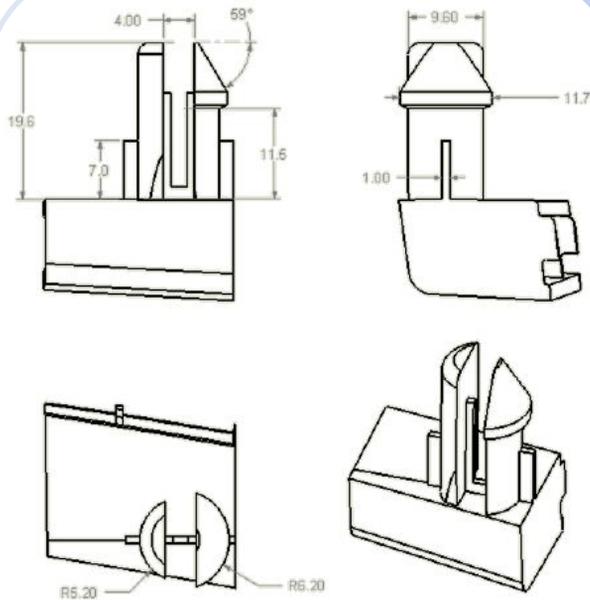

Testing and Torque Information

Testing condition	Time
23±2°C Angle 35°	1.2±0.3s

Main material

Shell	POM
Pull rod	PA66
Cap	PA66
Valve cover	PA66
O ring	NBR

Housing Suggestion

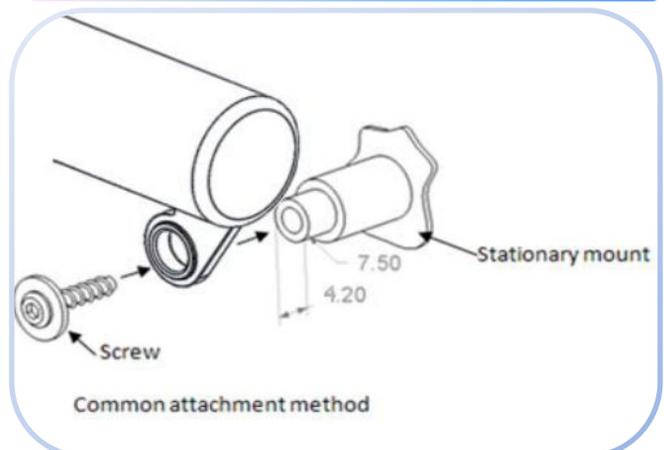

Shaft mating detail
(Example only)

Working Condition

Temperature	-30~85°C
Durability	30000 cycles
Working Distance	62mm

Method of Application

Common attachment method
